ABOUT ME

The Last few years I have spent most of my time doing front end developer and web development. Last 1 years I made Some projects using HTML5, CSS3, BOOTSTRAP5.1. And I also learned JavaScript. Mainly my focus is web development. I want to see myself as a full-stack developer in near future.

I believe I am a fast learner. Now I want to use my whole skill to do something real world. That's why I am seeking a job that will allow me to gain experience and measure my performance.
